54. Planning a Vision for the Future is a web curriculum for students in grades 6-8. It introduces them to the career pathway concept, allows them to explore areas of interest, and listen to people who are working in them throughout South Dakota. It takes them through the goal setting process; helps them see how what they learn today has application to their futures; and illustrates how one needs other than 'academic skills' to succeed in life.

This website was created by support from The South Dakota Alliance for Distance Education (SDADE). Also working on the project were Anne Anderson, Kate Kramer, Bruce Mastel, Scott Fossum, Kathy Mills, and Miranda Ellefson.

<http://www.state.sd.us/deca/DDN4Learning/statewide/SDADE/pvf/>

55. School to Careers is a career development project for 7-12th grade students, educators and parents. Through video, Web and interactive activities students are introduced to career professionals, projects and ideas that help them identify their interests and plan for their futures.

Over 200 career professionals are profiled on the Web site through video, photos and text. Through discussion boards and interactive activities students gain a realistic portrait of a variety of career pathways.

www.careers.iptv.org/

56. Minnesota Careers is an annual career exploration publication for Career explorers. The publication includes most of the information you'll find on this website - like Minnesota-specific occupational details and assistance with making career decisions and future choices.

www.mncareers.org

57. Parents as Partners in Career Education presents a training model for parental involvement. The 77 page publication has sections on the following: career information, career decision-making, the need for parental involvement, barriers to parental involvement, strategies, and resources. The publication is available through the Technical Education Resource Center. Marsha.kucker@state.sd.us.

- 58 South Dakota Guidance and Counseling Framework is a standards-based approach to delivery of guidance and counseling services. Standards outlining the structure and components of a guidance model are provided, as well as standards for delivery of curriculum.

<http://www.state.sd.us/deca/dwcp/careerguidance/presentations/index.htm>

59. S D Career Activities for the K-12 Classroom contains lesson plans that can be integrated into the K-12 curriculum or offered as a separate curriculum for the guidance and counseling program. A suggested scope and sequence for delivery is provided. Each lesson is tied to career and academic standards.

<http://www.state.sd.us/deca/dwcp/careerguidance/presentations/index.htm>

60. Career Internet Sites for the Classroom gives Internet locations and short descriptions for guidance and counseling as well as career and technical education programs.

<http://www.state.sd.us/deca/dwcp/careerguidance/presentations/index.htm>

- 61 101 Ideas for Integrating Career Education into Your Classroom provides activities and lessons for the elementary classroom. Ideas presented are categorized according to the

62. 89 Ideas for Integrating Career Education into Your Classroom provides activities and lessons for the secondary classroom. Ideas presented are categorized according to the National Career Development Guidelines.

<http://www.state.sd.us/deca/dwcp/careerguidance/presentations/index.htm>

63. Beyond the SD CAP is a student publication intended for use as a follow-up to completion of the state-mandated career interest and aptitude assessment. The publication includes lesson plans and resources suitable for use in grades 8 or 9. For more information, contact marsha.kucker@state.sd.us.

64. Student Life and Career Planning Portfolio. The career and life planning portfolios may be used in grades 7-12. Each portfolio contains separate files for the following: education and career planning, skills employers want, assessment, and projects.

65. Sharing What Works. This publication contains strategies and best practices from SD schools as related to the Perkins core standards and measures of academic attainment, technical skill attainment, high school completion, postsecondary plans, and nontraditional careers.

66. Tech Prep Professional Development Calendar. Published annually, this calendar presents an annual picture of professional development offered statewide. College credit is available for many of the professional development sessions listed.
